The Bel Air Reckord Armory...

Built in 1915, the Armory houses our Visitor's Center, a National Guard unit, an expansive gym & stage as well as a full service kitchen, classrooms and renovated showers on the lower level.

The interior space is designed as a gym for recreational activities such as basketball, karate, dancing, aerobics, etc. The uses and decorating ideas are endless as we've seen the "gym" transformed into many varied and attractive events. . . .

From fundraisers, to birthday parties, high school reunions

To International
business
meetings. . .

To Holiday parties,
weddings & receptions...

To pageants, plays & concerts . . .
